

SecurityMetrics Named To 2009 Utah Valley Magazine's UV50 List

Ranks #5 of the Top 25 Fastest-Growing Companies and #15 of Top Revenue Companies

OREM, UT - (MARCH 24, 2009) - SecurityMetrics (www.SecurityMetrics.com), the world leader in PCI security, today announced that it has been selected by Utah Valley Magazine as the #5 fastest-Growing Company and #15 of Top Revenue Company in Utah Valley, Utah. In its second year, Utah Valley Business Quarterly Magazine recognizes outstanding businesses in Utah—the UV50, which honors the 25 fastest-growing companies, 15 top revenue companies and 10 startups to watch in Utah Valley.

“We are excited to be recognized on not just one, but two Utah Valley Magazine lists for our record growth. This is a testament to our team,” said Brad Caldwell, CEO and Founder of SecurityMetrics. “We started SecurityMetrics with a goal to be at the forefront of data security technology and 2008 has been a breakout year for us with broad customer adoption.”

The UV50 list recognizes the 50 fastest growing technology, media, telecommunications, and life sciences companies headquartered in the Utah Valley. Rankings are based on percentage revenue growth over three years. In that time SecurityMetrics exhibited a growth percentage of 301%.

PCI DSS is a global standard to prevent security breaches that was created by credit card companies to help retail merchants and other organizations that accept credit cards ensure they are securing their customer data. PCI Compliance is required of any company that processes, transmits or stores credit card information.

SecurityMetrics' core technology and services simplify the process of performing network vulnerability assessments and automate some processes that are required by PCI DSS. Advanced services from SecurityMetrics include penetration testing to improve data security, security audit programs and compliance oversight, and rapid response programs that mobilize security experts quickly to assess an attack with a complete forensics investigation.

Servicing banking acquirers all over the globe, SecurityMetrics' PCI Security Solution Program for Bank Acquirers combines SecurityMetrics' PCI expertise and comprehensive approach to

data security with live 24x7 technical support, unlimited manual, weekly reminders, and advanced consulting services. For more information, see <http://www.securitymetrics.com>.
