HIPAA PRIVACY AND SECURITY POLICIES

HIPAA policies and procedures aren't just paperwork—they are the blueprint to your practice's compliance plan. All employees must be formally trained on HIPAA compliance regularly.

COMPREHENSIVE COVERAGE

Compliance with the HIPAA standard requires a number of privacy and security policies that address processes throughout your organization. SecurityMetrics' HIPAA privacy and security policies include 45 templates that provide a comprehensive policy solution for HIPAA Privacy, Security, and Breach Notification Rules creating the blueprint for your HIPAA compliance efforts.

BUILT TO WORK WITH EXISTING POLICIES

Many organizations have already established some of the policies required for HIPAA compliance. SecurityMetrics' flexible templates let you keep your existing policies and implement only the policies missing from your organization—saving you time, money, and headaches that accompany process changes.

COMPLIANCE EXPERTS

With expertise in HIPAA compliance programs, Payment Card Industry assessments, forensic incident response, vulnerability scanning, penetration testing, card data discovery, security appliances, training, and consulting, SecurityMetrics holds the credentials and expertise to help you reach compliance goals. If you have questions, you can rest assured we have answers.
