SAVE TIME WITH OUR SMART eDISCOVERY PROCESS

Discover data quickly with predictive coding such as Technology Assisted Review (TAR) and Continuous Active Learning (CAL).

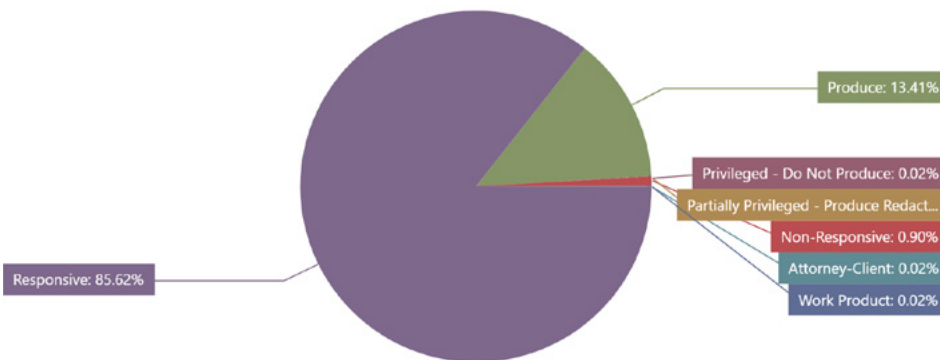

Work with a Certified eDiscovery Specialist (CEDS) to get quick answers.

Streamline all aspects of EDRM life cycle management through consistent communication and support.

Easily visualize communications between custodians.

EFFECTIVELY KEEP COSTS UNDER CONTROL

Our price structure is straightforward and doesn't depend on time spent during the EDRM process. We won't nickel and dime you for AI, tiffing, productions, exports, OCR, translation, etc.

We filter non-responsive data and only charge for what you need to host.

We learn what resources you have and work to help you maximize your resources.

MEET PROJECT DEADLINES, EFFICIENTLY AND SECURELY

Before we begin, we learn what's important to your case, outline a strategic plan, and help you implement it to meet your discovery deadlines.

We regularly update you on your case progress, processing, cloud hosting, and document production.

Using our knowledge from nearly two decades of data security experience, we treat your data the way we treat our own.
